City Code of Ordinances, Chapter 42-45 Excavations. No person shall dig or excavate or cause or employ any person to dig or excavate in, on or under any property, street, avenue, alley or sidewalk in the city for any purpose whatever, without first having obtained permit from the superintendents of Street & Water/Sewer Departments to do so, which permit may require the applicant to assume and agree to pay any damages incurred by the excavation for a period of ninety (90) days. It is hereby made the duty of every person making, or causing to be made any excavations, to remove and haul away all excavated material and replace with #1 base rock, and a minimum of four inches (4") of blacktop, compacted in two inch lifts and to leave area in good condition for travel. Utility cuts will be cut with pavement saw at a minimum of 18" wide and maximum width of four (4) feet. Work shall be completed, inspected and approved by Street & Water/Sewer Superintendents within ten (10) working days. Whoever violates any provisions of this section shall be deemed guilty of a misdemeanor. Passed and approved January 1983.

I hereby acknowledge that I have read the above ordinance and agree to perform the following conditions stated in obtaining this excavation permit.
